 AUCTION STARTS AT 6:30 PM

Wondering how a Quarter Auction Works?

- Rent your paddle.
- A corresponding numbered chip will be put into the drawing container.
- The vendor will bring up their auction item and give a brief description, and then request a specific number of quarters.
- If you are interested in bidding on the items, you must place the number of quarters in the bucket on the table.
- Once the buckets are all picked up, the vendor or host will pull a number for the item.
- If you purchase more than one paddle and want to bid for each paddle, you must put in the specified number of quarters for each paddle.

Example: Bob is auctioning his item for 2 quarters. Joan has 3 paddles. 1 paddle in play 2 quarters, 2 paddles in play 4 quarters, 3 paddles in play 6 quarters, 4 paddles in play 8 quarters, etc.

If you did not bid and we pull your number, you didn't win the item.

This is a fast-paced event.
